

LETTER OF COMMITMENT
TO THE
CENTRAL PENNSYLVANIA ENGINEERS WEEK COUNCIL

The _____, a non-profit engineering and/or technical organization of central Pennsylvania, with Chapter or Section located at _____, commits on this date, _____ to be a “Member Organization” of the “Central Pennsylvania Engineers Week Council” for planning and implementation of the celebration of National Engineers Week to be held annually in the Greater Harrisburg Metropolitan Area and surrounding communities, with its principal purposes of promoting the work of engineers for the public’s understanding and welfare; honoring outstanding members of the engineering profession; recognizing outstanding engineering achievements; and enhancing technological literacy of the public through educational activities. This annual event will be held during the week of February as determined by the National Society of Professional Engineers, commemorating the birth of George Washington, considered to be the founding father of engineering in the United States of America. _____ (abbreviation of organization) makes this commitment with a payment of an initiation fee of \$100, and by naming the following representative and an alternate representative who will represent _____ (abbreviation of organization) for the _____ fiscal year at the scheduled council and committee meetings, as necessary. _____ (abbreviation of organization) will also name a representative and an alternate for every year thereafter.

Signatures of Officer(s):
